

The 5th European Conference on Health Promoting Schools

# Health, Wellbeing and Education: Building a sustainable future

*20–22 November, 2019, Moscow, Russia*

The National Medical Research Center of Children's Health of the Ministry of Health of the Russian Federation in collaboration with the Ministry of Health of the Russian Federation, the WHO Regional Office for Europe, the Schools for Health in Europe Network Foundation, and the Russian Health Promoting Schools Network are pleased to invite you to participate in the [5th European Conference on Health Promoting Schools "Health, Wellbeing and Education: Building a sustainable future"](#), which will be held on [20–22 November, 2019, in Moscow](#).

The conference is conducted in the framework of the Russia-WHO/Euro Project "Development of Schools for Health Network in the Eastern European and Central Asian Countries (2016–2020)", which is funded by the Government of the Russian Federation (Decree № 1090-r dated June 2, 2016).

## AIMS OF THE CONFERENCE

We had an extremely successful experience of the previous European Conferences on Health Promoting Schools — in Greece (1997), Netherlands (2002), Lithuania (2009) and Denmark (2013). Based on these, this Conference aims to consolidate, strengthen, disseminate and share research, policy and practice in the field of health promotion and education in schools. The Conference focus will be on better health, well-being education for all through school-based health promotion, working in partnership between education and health towards social progress and sustainable development.

## » WHO IS INVITED?

We are glad to welcome all with professional interest in school health promotion and education, the health and wellbeing of children, young people, as well as teaching and non-teaching staff including:

- Policy makers from health and education sectors
- Researchers and experts from health and education sectors
- Schools, education sector and health sector practitioners
- Students (PhD and MA levels)
- Representatives from youth, parental, governmental, non-governmental, international, national and local organizations.

## » EXPECTED OUTCOMES

As a participant of the 5th European Conference on Health Promoting Schools “Health, Wellbeing and Education: Building a sustainable future”, you will be able to actively share, exchange and discuss the current trends in policy, research and practice related to school-based health promotion and education with colleagues from across Europe and beyond.

Your participation will facilitate the further development of school health promotion and its contribution to equity in health and educational/school quality.
