In support of the EU Justice and Consumer policy.

Health Programme

*Funding actions to promote and strengthen European cooperation in some of the most challenging health areas, such as chronic diseases, anti-microbial resistance and health technologies assessment. **In support of the EU policies for Health and Single market.***

Schools for Health in Europe Network Foundation (SHE)

The overall aim of SHE is to improve the health of children and young people in Europe, including reducing health inequalities, through a setting focus on schools.

SHE supports its members to further develop and sustain school health promotion in each EU Member State by providing a European platform for school health promotion.

SHE contributes to national and regional development and implementation of school health promotion, as well as the development of new knowledge and evidence.

SHE: Framework Partnership Agreement 2018-2021 with I

Three specific objectives to be achieved by the end of 2021:

I) The functioning of national and regional health promoting school networks and the implementation of health promoting schools has been supported by sharing good practices, expertise and skills and reinforcing the position of SHE national and regional coordinators.

SHE/ Framework Partnership Agreement 2018 - 2021 II and III

II) The professional competence development of the SHE members and other stakeholders has been supported by the delivery of the SHE support programme.

III) The visibility and access to evidence based information on school health promotion has increased by the delivery of SHE publications and presentations.

SHE: Framework Partnership Agreement 2018-2021

Methods to achieve these objectives are:

- Set –up a meeting with SHE members and other stakeholders;
- Set-up capacity building workshops;
- Use effectively the SHE website;
- Be available through the SHE helpdesk;
- Share information through newsletters and social media and encourage regional and cross-border cooperation; Support school twinning;
- Develop and implement teacher training material on school health inequality, promote schools and monitor the implementation on school health promotion in Europe.
