

FAST HEROES: A KINDERGARTEN-BASED EDUCATIONAL STROKE PROGRAMME FOR THE WHOLE FAMILY

By the Educational and Social Policy, University of Macedonia (GR) & Angels Initiative

Hariklia Proios, PhD CCC-SLP, Associate Professor, University of Macedonia, Greece

Kalliopi Tsakpounidou, PhD Candidate, University of Macedonia, Greece

STROKE

- a time-sensitive emergency
- should ask for help when witnessing a stroke symptom by calling an ambulance

FAST HEROES

targets children to serve as conduits to deliver acquired knowledge to their extended families

EDUCATION through

songs, short animated spots, puppet show, interactive activities **within the classroom** and take-home material

5.621 CHILDREN

and their extended families have been educated with the FAST Heroes in **Greece**

23 COUNTRIES

throughout the world have implemented the campaign with positive results
