WEBINAR | 16 MARCH 2021 | 9-10:30 AM CET

The World No Tobacco 2021 campaign aims to empower and support tobacco users on their journey to quit.

WHO invites healthcare professionals to learn and discuss their role in tobacco cessation and engage in the year-long campaign.

The webinar will provide:

- Experience establishing national quit lines
- Clarity on smoking cessation in the context of cancer care and prevention
- Best-practice examples for integrating tobacco cessation into TB clinical practices
- Guidance on tobacco cessation in the context of the COVID-19 pandemic
